

STEM Family Night

February 26, 2018.

5:30-7PM.

SEP Junior High Cafeteria

All families are invited to join us for an engaging evening of STEM family projects as well as curriculum showcase.

- This is an open-ended event. Families may stay as long as they wish.
- The STEM Family Night includes a range of activities covering different high interest STEM topics.
- The SEP robotics team will be demonstrating.
- The evening provides challenges for students and families to complete together
- STEM Family Night is a Parent-Supervised Event.
- The JH concessions will be open.
