Share Your Experiences on Children's Mental Health Services in Iowa at a Listening Post on Oct. 8

Educators, families and residents within the Heartland AEA service area are invited to share personal experiences on children's mental health services at a listening post to be held on Oct. 8, from 5:30 - 7:00 p.m. at Heartland AEA at 6500 Corporate Drive in Johnston.

Listening posts are being hosted at locations across Iowa on behalf of the Children's System State Board established by Gov. Kim Reynolds in April. The board will review the information gathered from these listening posts as part of its charge to review existing resources and develop a strategic plan with specific recommendations to implement a better approach to help children with mental health issues. The report is due to the governor on Nov. 15.

Two additional opportunities have been created for individuals who are unable to attend the Oct. 8 event:
