Electric cars are older than you might think. Check out the 1919 Milburn Electric Car that Gov. George and Arletta Clarke drove around Des Moines and Adel – often with their grandson, Nile Kinnick. Then stick around and learn about another type of green energy by making your own windmill to take home. *Recommended for children ages 8-12 who are accompanied by an adult.* Free, but advance registration is required at [iowaculture.gov](http://iowaculture.gov).
