

Virtual Assistive Technology Consultation For Families

We offer free virtual assistive technology consultation for families of children with dyslexia and other reading disabilities.

Virtual Appointment Components

Multiple devices are explained in real time and modeled in relation to assistive technology:

- iPad tablet
- Google Chromebook laptop
- Livescribe Echo Smartpen

Apps modeled include Co:Writer, Snap&Read, Voice Dream Reader and more!

Opportunity to try out devices in the home or at school.

Request a one-on-one virtual appointment with our assistive technology coordinator today!

In-person appointments are also available at the IRRC in Iowa City

All you need is a computer, tablet, or smartphone! Virtual appointments are held via videoconference. Families are shown technology through video and screen sharing functions.

Karah Kluck
AT Coordinator
