

# NEWBO⚡CO EDUCATION K-12

CoderDojo is a K–5 STEAM program that encourages creativity, fosters entrepreneurship, and helps kids learn to code.

Events are offered the 1st and 3rd Saturdays from 1:30–2:30pm during the school year.

**This year, events will be virtual to start the school year with hopes to move in-person and extend the time.**

Register for a free event at

<https://newbo.co/education/k-12/coderdojo/>

Follow us on Facebook to learn what stations we'll offer each time.
